Fixer*

EDITION 1
DECEMBER 2025

FOCUS

All you need to know about the Feather Fixer:
What's been happening and what's ahead.

I am a leadership specialist. I strengthen organisations at the top with straight-talking mentoring and an abundance of common sense. I'm the go-to for CEOs and senior leaders who need clarity, not confusion.

Mentoring - I work with you to upskill, support and guide you with it.

Consultancy - I do it for you when you don't have the time or capacity.

I am Maura Jackson and with 18 years experience as a CEO I work as a non-executive director and mentor to CEOs and Senior Leadership Teams.

I'm the partner who will come in and guide leaders through the tough stuff, clear the path, and help leaders lead boldly—with purpose, clarity, and impact thus stepping into their full potential.

an experienced Mentor and want
to be a better leader**

- I exist to help leaders in organisations who are purpose-led and want to lead better. With my lived experience I bring bold, practical support that helps tackle challenges, embrace change, and create lasting impact - without losing oneself in the process. My purpose is to strengthen organisations at the top because when leadership is strong, the whole organisation thrives.
- I help any purpose-led organisations unlock their full potential - steering them away from pitfalls and guiding them to do the right things - bravely, honestly and without ever losing sight of who they are. My approach is ballsy but kind, direct but respectful, and always grounded in integrity. That means having the tough conversations, making clear decisions, and focusing on what really moves things forward. I work with leaders who give a shit, think strategically, and want to create lasting impact without burning out or selling out.
- I also offer consultancy and keynote speaking, on a range of topics connected to leadership. I bring clarity, direction, and practical support to help leaders lead well, embrace change, and achieve meaningful, sustainable impact.

2025 has been an unbeatable year for me because 'the feather fixer' really has taken flight.

I wrote and launched my book **FINDING YOUR FEATHERS** (Lessons we can learn about invincible leadership from birds).
